

JOIN

the Surfrider Foundation, Audubon California, California State Parks Foundation, The G2 Gallery and concerned citizens for an evening of art, activism, and awareness about Prop 21.

Photo: Larry Ulrich

Representatives from the hosting organizations will present information about this important initiative and the need to secure votes for the November election.

WHEN:

October 21 • 6:30–8:30pm

WHERE:

The G2 Gallery

1503 Abbot Kinney Blvd. (310) 452-2842
Venice, CA 90291 www.theG2gallery.com

WHAT:

This is a public awareness event for Prop 21. Prop 21 would create a stable funding source for our struggling state park system. California's state parks are falling apart because of decades of underfunding. State budget cuts are causing parks to 'fall behind in the system' and there is currently more than \$1 billion 'backlog' of maintenance. Our state parks are struggling financially and need permanent funding to ensure they are maintained (i.e. hiking trails, campsites, bathrooms, visitor centers, kiosks, etc), AND

that enough staff and personnel are hired to ensure our parks are safe (i.e. lifeguards, rangers, facility managers, etc). Funding would come from a surcharge of \$18 per California vehicle. The surcharge will apply to California vehicles and in exchange, they would receive free day-use admission to Parks throughout the year. Donations to support Prop 21 can be made to: "Yes on 21, Californians for State Parks and Conservation". Or donate online.
